Special Announcements 2026 Taxes

Please be aware of a new Overtime Tax Credit scheduled to take effect in 2026.

This credit is intended to provide tax relief on eligible overtime earnings, potentially reducing employees' overall tax liability when filing their annual return.

This would only apply for Non-Exempt employees who earned overtime.

Career Page Update

We're excited to announce the launch of the new Careers page on the reLink website!

This page highlights current job openings, our culture, and what it's like to work at reLink.

We encourage employees to check it out and share the link with their networks as we continue to grow and attract great talent:

TEAM MEMBER SPOTLIGHT

How long have you been working for reLink Medical?

Over 3 and a half years

What do you enjoy most about being a reLink Field Transportation Specialist?

I like the freedom and opportunities to see and experience different things while I am working.

What would you tell someone considering the role?

The job requires you to be away from home throughout the week, so you have to be comfortable with traveling. Being an FTS also means that you have to maintain a high level of responsibility because you're always representing the company.

Where do you see your career progressing over the next few years?

I enjoy being on the road as a driver for reLink. With that in mind, I am focusing on improving my skills to be the best FTS I can be.

A word from our FTS Manager on Richard's growth and contribution to the company:

From his first year, Richard has shown impressive professional growth, taking on more responsibility and consistently delivering high-quality work. Richard is known for being consistent, reliable, and deeply dedicated. He approaches every task with the same level of care and attention, whether it's a small detail or a major project. What truly sets Richard apart is his work ethic and attitude. He doesn't shy away from challenges and is always ready to contribute to the success of the team. reLink is fortunate to have Richard on the team, and we sincerely appreciate the hard work, professionalism, and dedication he brings every day.

reLink Medical and Dalton Foundation Collaboration

We are proud to highlight the meaningful collaboration between reLink Medical and The Dalton Family Foundation and the positive impact it continues to have on our communities.

Each year, reLink Medical donates 10% of its profits to The Dalton Family Foundation, an organization dedicated to supporting addiction recovery, reentry and second-chance employment, veterans' initiatives, and programs benefiting women and children, among many other critical causes.

In addition to this ongoing commitment, reLink Medical recently supported The Dalton Family Foundation's Open House and contributed items to the Foundation's Giving Tree, benefiting three local nonprofit partners. Thanks to the generosity of our team, donated scarves, gloves, socks, and backpacks will be delivered next Monday to True Freedom Ministries to support their homeless outreach—items that are especially vital during the winter season.

Further extending this effort, Rachel from the Foundation will be delivering baby formula, diapers, and gift cards to Haven of Rest, while donated food items will be shared with Riverwood Church to support their community outreach initiatives.

These efforts reflect our shared commitment to service, compassion, and making a tangible difference in the lives of others. Thank you to everyone who contributed and helped make this collaboration impactful.

**THANK YOU FOR YOUR HARD WORK AND DEDICATION
